### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-13 and 20-21 directed to an invention non-elected without traverse. Accordingly, claims 1-13 and 20-21 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: The claims are allowable for the reasons argued by Applicant on pages 3-5 of the response of May 5, 2008. As argued by Applicant, EP '176 discloses swelling microcapsules before the layer containing microcapsules is applied to a surface and there is no suggestion that swelling may be performed after application. While Sheridan discloses application of swelling agent to a coating after the coating has been applied, Sheridan does not disclose use of particles encapsulated within microcapsules. Sheridan absorbs swelling agent in order to form cavities in its binder material *around* the balls. Also, Sheridan results in a softened gel product (as disclosed in the background of EP '176) that must be bonded between glass or plastic sheets for protection, whereas EP '176 is directed to the manufacture of thin, paper-like sheets, avoiding use of protective cover sheets. Further EP '176 does not disclose application to a security element in a security document.

It is noted that that the limitation "nonactivated state" in the claims has been interpreted as the microcapsules being in an unswollen form, as defined in paragraph 0023 of the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kirsten C. Jolley whose telephone number is 571-272-1421. The examiner can normally be reached on Monday to Tuesday and Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Meeks can be reached on 571-272-1423. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
